JOHN 14:6

"I am the way, the truth, and the life. No one comes to the Father except through me".

CHOOSE TO CONNECT WITH GOD

Dear brothers and sisters of the Tranquility SDA Church,
Grace and peace to you from God our Father and Lord Jesus Christ!

Thank you for continuing to keep the Dieppas in your prayers. I appreciated receiving texts from everyone asking me if I had received any update from Bro. Willie. That's what we do and will continue to do as a family.

I had almost zero internet connectivity last week, and slow internet has been plaguing me for weeks. At times, it was literally slower than the old dial-up modem. Internet seems more important than ever right now since this is the only way to connect with the world in our isolation. After receiving a technical advice from a trusted source, I purchased new equipments, and now the speed is 23 times faster than my previously best connection. Mind you, I've been paying the same amount for the service for years.

It made me think. God's desire to connect with us is as strong as ever as the signal that my internet company has been sending to my home.

However, because we have not updated our hardware; the way we think about God or lack there of, we do not have a strong connection with Him as I was missing out on this great internet speed. We are not saved by our works by any means, but we are saved through our connection with Him. Choose to connect with God. He will transform your life. You'll be murmuring these words, "Why didn't I do it sooner?"

Blessings,
Pastor Stephen Lee
